

WASTE MANAGEMENT CELL

The 'Waste Management Cell' in the institution was established in 2022 with the purpose to provide hygienic, efficient & economic activities to manage solid waste without polluting the atmosphere, soils & water system. The cell works to fulfill specific objectives which are necessary to fulfill the motto of 'reduce, recycle and reproduce'.

OBJECTIVES :-

- i) To ensure waste management is performed in accordance with all waste.
- ii) To minimise waste generation at source and facilitate repair, reuse & recycling.
- iii) Disposal of waste in cost effective manner.
- iv) To provide clearly defined roles, responsibilities to identify & co-ordinate each activity of waste management.
- v) To ensure safe handling & storage of waste in the College.
- vi) To promote holistic approach of waste management in the campus.
- vii) To invest into the expansion of recycling opportunities in the college & transform waste into value added product.

viii) To provide appropriate training, code of conduct for staff, students & other stakeholders on waste management issues.

ix) To promote holistic approach of waste management in the campus.

MEMBERS:-

CHAIRPERSON - PRINCIPAL - Dr. Kawalbir Kaur.

OTHER MEMBERS - Asst. Prof. - Ms. Ritu Kalia

" - Ms. Baljit Kaur

Student Representatives

The cell arranges meetings twice a year to discuss important matters related to effective waste management at institution level & issues notices time to time with the purpose to make institution eco-efficient & orientate the faculty and students about. The action plan is implemented with the help of "College Beautification Committee". The Cell provides information about the recyclable material, hazardous radioactive waste. The Cell updates waste management procedure on regular basis. Meetings, Seminars and extension lectures are organised by the cell from time to time in order to encourage the staff and students about preference on minimisation & landfill disposal.

Principal / chairperson

Dr. Kawalbir Kaur Mahal

The first meeting of 'Waste Management Cell' was held on 22nd April 2022 in the office of undersigned at 2:30 p.m. following were the meeting agenda:

AGENDA OF THE MEETING:-

- i) Orientation To encourage minimization of waste (Solid, Liquid & E-waste)
- ii) Assigning duties & responsibilities To identify and coordinate each activity of the waste management in the campus.

PROCEEDINGS:-

Meeting started with a welcome note. The chairperson of Waste Management Cell discussed the systematic procedure for proper management to be followed for the disposal of waste. She threw light on waste segregation rules & gave instructions that dustbin should be placed in every classroom, laboratory, rest room and canteen and at different locations in the campus. She assigned duties to the cell members to supervise cleanliness of campus. She further added that all waste/garbage from college should be segregated & disposed of in a proper manner. Old newspapers, used paper and files, workshop scrap etc. should be given for recycling to external agencies. The chairperson concluded the meeting that maximum efforts should be put by faculty & students.

to make an eco-friendly environment in the campus. On the basis of recommendations made by the cell meeting, following actions were taken.

ACTIONS TAKEN

- i) Implemented the applicable regulations, policies and standards of waste management cell.
- ii) E-waste such as computers and its peripherals are upgraded regularly to continue usage and to avoid its wastage.
- iii) Discipline committee played active role in checking the duties assigned to be administered properly.

Principal

Dr. Kawalbir Kaur Mahal

The second meeting of 'Waste Management Cell' was held on 21st July 2023 in the office of undersigned at 2:30 pm. Following were the meeting agenda:

AGENDA OF THE MEETING:-

- i) Orientation to encourage minimization of solid, liquid & e-waste in the campus.
- ii) Assigning clearly defined roles & responsibilities to assure acceptable indoor air quality & natural light facility.

PROCEEDINGS :-

The chairperson started meeting with a welcome note. The review of last meeting was taken by the chairperson. She also collected the detailed report of the actions taken after the first meeting of the cell. She asked for the reports if any regarding the assigned duties to the cell members. The cell members also discussed the important issues related to effective waste management to promote eco-friendly environment & conservation in the college campus. The duties to various staff members were also assigned to coordinate each activity of the waste management cell on the basis of recommendations provided by the cell.

ACTIONS TAKEN

On the basis of recommendations made by the cell, following steps put forth:

- i) Organization of talks by the faculty members to promote awareness about waste management.
- ii) Reminders to coordinators to implement the policies & standards of waste management cell.
- iii) Wastage of drinking water was restricted through proper monitoring by the College discipline Committee.
