

ABOUT THE CLUB

Science Club is the platform for the students to promote their scientific interest, realize their scientific skills and fulfil their quest in doing science activities. The club aims to organize Seminar, Exhibitions and Quiz Competition to inculcate student knowledge and skill in the field of science.

OBJECTIVES

- To inculcate scientific attitude.
- To provide opportunity for the development of the constructive, explorative and innovative ideas among the students.
- To develop training in scientific method of problem solving.
- To develop students interest and participation in the practical application of the knowledge related to science.

Session - 2018-19.
